What the Boys are Doing Here and There

Corporal Duke Mathis was here in Truckee for the past few days enjoying a visit with relatives and friends while on leave from his camp near New Orleans.

While his brother Duke was here, Pvt. Ray Mathis came up from his station at Marysville on pass for a short time. Both Duke and Ray treated the appearance of being well treated by the army and make good looking soldiers.

Staff Sergeant Ervin Waters who to Camp McCoy, Wisconsin, etoain has been transferred with his QM outfit from Tennessee to Camp McCoy, Wisconsin, has been enjoying a 21 day leave and spent the latter part in Truckee with relatives and friends. The first part he spent in Washington with Mr. and Mrs. Larry Zoebel. Ervin has been in the army more than 19 months.

Ernest H. Fleming who has been on active duty for some time in the Pacific has a new San Francisco address and is evidently moving forward with his naval outfit. Ernest is one of Truckee's veterans, having spent several years in the navy.

Pfc. George (Bud) Zorich writes from his mysterious APO address to the effect that he is getting farther away from home and expects soon to see the color of a Jap in action. Bud wanted to be sure we send him his copy of the Sierra Sun each week and asked to be remembered to everybody. The note was brief but most welcome. With Bud, we are told are Karl Kiehofer, Byron Johnson, Fred Hughes and other local or near local boys.

Pvt. Harry Digesti writes from his Camp Roberts station that he hopes "that Donner business is turning out in our favor. I really do miss the swims I had there and I want to think that when I come back I will still be able to go there at the channel and once again lay beneath the peaceful blue sky and enjoy myself." We all feel the same way about it, Harry and will do our best.

Seaman Bob Leamon and his bride are enjoying a honeymoon this week at Boise where Corp. Bob Bowers and Mrs. Bowers live.

Sgt. John Gracik returned to New Mexico last week and Mrs. Gracik has returned to her duties as assistant postmaster here following their wedding a week ago.

LEGION SPONSORS CIGARETTE DRIVE

Truckee Post No. 439, American Legion is sponsoring a drive to raise money for the purchase of cigarettes for the men in service. Each pack will cost only five cents and the Legion hopes to collect at least \$50 here for the worthy cause.

Assisting in the drive will be members of the Truckee Troop of Boy Scouts, who have volunteered to lend a hand.

LIQUOR PRICES ARE FIXED IN RULING

To hold the lid on liquor prices regional offices of the OPA have been authorized to revise downward the percentage markups which went into effect Monday if the markups permit wholesalers and retailers an excessive margin.

The markups provided in the liquor control measures are considered fair and just, taking the country as a whole, OPA emphasized, but might possibly result in unwarranted increases in dollars and cents margins in some states.

Under new regulations the retailer's markup for distilled spirits is 33-1/3 per cent over net cost, for wine 50 per cent, and for cordials, liquors and specialties 45 per cent. An average lowering of prices is expected.

DUPLICATE JOBS ARE HELD ILLEGAL

According to a press dispatch from San Francisco, Attorney General Robert Kenny informed Deputy District Attorney William J. Cassettari of Nevada County in an opinion that it would not be proper for a person to hold the offices of court commissioner and deputy district attorney at the same time.

Abandoned Car

The car found abandoned with two flat tires has been identified by the State Highway Patrol as belonging to a man by the name of Howell at Elko, Nevada. The car was just over the Sierra County line on the Reno highway.

Glenn Foster of Loyalton, who was operator for Verne Shattuck here and at Lake Tahoe is visiting on a leave from the Seabees in the Alaska theater where he has been operating motion picture equipment.

Naval Lt. Robert Mellon, son of Mr. and Mrs. Thomas Mellon of the Emigrant Trail Lodge, has left on a mission in Peru.

Dick Carnell of Tahoe popular young man in this district, leaves this week for his induction station, having gone through the tests successfully. Dick is in the 18 year old class, having only registered recently. His friends will join in wishing him a heap of good luck.

ABANDONED CAR MYSTERY BEING PROBED BY PATROL

Mystery surrounds the finding of an abandoned automobile near Boca, with a Nevada license plate. Officers of the state highway patrol, investigating the car, which was left some four or five days ago, said they had traced the ownership to a self-styled minister of Reno who disappeared from that city last April. Two .22 calibre bullets were found in the machine.

BISHOP PORTER IS LIONS CLUB SPEAKER

Bishop Noel Porter of the Sacramento Episcopal Diocese presently located at Tahoe, spoke before the meeting of the Truckee Lions Club Monday. A forceful and engaging speaker, the program was pronounced excellent. Harold Langille was the program chairman and N. F. Dolley presided.

It was voted at the meeting to take advantage of an offer of a nationally advertised brand of cigarettes and purchase 1000 packages at five cents a package to be sent to the soldiers and sailors overseas. The packs will bear a label showing the donor. Eighteen Lions and one guest Sgt. Ervin Waters were present.

OLD AGE AID LEAPS UNDER NEW STATE PENSION RULINGS

Old age assistance rolls in Nevada county were up by 15 new cases during July, California Taxpayers' Association's study of the first month of increased and more liberal old age laws in California counties shows.

The number of people receiving aged aid in the county went from 499 in June to 512 in July, a net increase in the roll of 13 during the month. Withdrawals from the rolls account for the difference between the number of new cases added and the net increase, the association stated.

At the end of July there were 24 applications for old age aid pending in the county. At the close of April, there were 18 cases pending, with the number of applications trending upward for the months since April.

Average aid per needy person jumped from \$36.37 for June to \$46.33 for July, the effective date for the increased aid being July 1, the association stated. Total aid granted in the county from county, state and federal funds increased from \$18,151 in June to \$23,720 in July.

WOMAN FLAGMAN ON MOUNTAIN RUN

ROSEVILLE, Sept. 2.—Mrs. Marian Bradley is doing her part for defense by flagging trains for the Southern Pacific Company.

It has always been Mrs. Bradley's desire to stop a big mallet and now she is doing just that.

She was assigned to work in a mountainous region, just across the Donner Summit. She is busy all the time of her eight-hour shift because traffic is heavy now.

Mrs. Bradley is the wife of a Southern Pacific fireman.

OLD TYPE RATION BOOKS ARE INVALID

Old type B and C coupons expired at midnight Tuesday, C. B. White, clerk of the Truckee War Price and Rationing Board announces. The Office of Price Administration has notified all boards that no extension will be made.

Each stamp in the new books read "Mileage Ration B (or C)." The old coupons read: "Permits delivery of one B (or C) unit of gasoline at time of sale. Office of Price Administration."

My Place In The Sun

By CORP. DOUG BARRETT

(Excerpts from letters from some where in the Alaska Theater).

Of all the dogs in this place, you'd never guess what we have for a mascot. Right the first time—a dog. But this is not a local product. Peggy is a little black and white fox terrier with a very individual disposition. She was flown in here from the outside to Sgt. Tiner, the first sergeant of the base squadron, some months ago and so far is quite the first lady of the post. She eats GI food but with a greater degree of selection than the soldiers. She has her own bed but seems to prefer an empty mail sack in the office. Most of her time is spent in dancing on her hind legs, begging for a bit of candy or sitting in somebody's lap and chewing their fingers. At times she gets under foot and has to be ordered out of the room. Like a good soldier—or WAC—she obeys but usually she returns in a matter of seconds and a person just can't pull rank all the time so she remains unmolested until someone steps on her foot and business stops until she is pacified.

Tarzan and his Amazons are among the favorite heavy reading here and two minutes after I've finished with them, they're apt to be at any point in the building. The lad and his bicep babes seem to be in a jack-pot, again but I have utmost faith in our jungle hero.

R. N. McCormack, our friend and county clerk, sent me my ballot and it arrived today. That means I'll have to get out of bed today and get my boss to witness my affidavit and get it off. I think that by airmail I can get it in before the deadline.

In the New York Times I ran across a picture of the survivors of the Helena holding a roll call. From the looks of the men it must have been a pretty harrowing experience. They were covered with what looked like oil and appeared quite put out to say the least.

STRONG RAILROADS SEEN AS POSTWAR NATIONAL BULWARK

If railroads are soundly positioned financially after the war, they should continue to be a bulwark to the prosperity of the country, in the opinion of A. T. Mericer, president of the Southern Pacific Company.

Financially strong railroads could serve the nation, he says, not only by providing efficient and economical mass transportation, which is a first essential in business and industry, but also by turning purchasing power into channels of trade through vast sums paid in wages to railroad employees and, additionally, through very heavy purchases of materials and supplies.

Mericer points out that a large amount of maintenance work not absolutely necessary to the safe operation of the railroads at this time has had to be postponed during the war period. Consequently, he adds, after the war there will be need for rehabilitation on a large scale, and this is important to the country.

"This is the first period in more than a decade," Mericer said, "in which railroad earnings have approached a reasonable return. The level of rates under which traffic is moving is the lowest in history by unit of work performed. For the first five months of 1943, taxes absorbed more than half of the railroad's real net earnings."

MORE JOBS SOON IN NATIONAL FOREST

The Tahoe National Forest will lose several of its employees with the opening of schools in September, Supervisor Guerdon Ellis states. He says that several positions as patrolmen and lookout men will be available. Application may be made with Recruiting Officer Elwood Stone at headquarters in Nevada City.

SENATOR CLAIR ENGLE

Engle Leading In Vote Tally After District Election

Tehaman Apparently Wins Englebright Seat In Congress

On the basis of complete returns from 310 of the 457 precincts in the 18 counties comprising the second California Congressional District, it was apparent that State Senator Clair Engle of Tehama County has been elected to fill the vacancy in congress caused by the death of Harry L. Englebright.

The Tehaman, a comparative newcomer in state politics, was given a close race by Mrs. Grace Englebright of Nevada City, widow of the late congressman, but was far in the lead of his state senatorial opponent

Engle's Statement

Sierra Sun, Truckee, Calif.
The unofficial tabulation indicates my election I appreciate the splendid support received at the polls and wish to express my appreciation to my opponents for a clean and courteous campaign. I will be at the service of you and your community in doing anything I can to help you as your representative in congress.

Clair Engle.

Jesse M. Mayo of Calaveras County. The totals on the basis of reports from the 310 precincts give: Engle 10,485; Englebright, 8,748; Mayo 7,257.

Observers believe it will be impossible for Mrs. Englebright to overcome Engle's lead and few absentee ballots are expected.

Engle carried seven of the 18 counties and Mrs. Englebright was high in six and Mayo won five.

Nevada, Placer, El Dorado and Sierra Counties all went for Mrs. Englebright, with Nevada County giving her 2,354 to Engle's 331 and Mayo's 330. Placer gave Mrs. Englebright 1,254, Engle 985 and Mayo 764. These are incomplete figures based on the early returns from most of the precincts.

Engle was born in Bakersfield on September 21, 1911 and spent his youth on his parents' stock ranch in Tehama County. He was elected district attorney of Tehama County in 1934 and again in 1938 and last year was elected to the state senate, defeating D. Jack Metzger two to one. He is married and has one daughter, nine.

It is certainly gratifying to be able to report that the Truckee Troop of Boy Scouts has reached the point where they are regularly chartered and over the most difficult period in Scoutcraft. The advance these boys have made is a credit to the community. There were many disparaging and discouraging remarks made when the troop was formed and in spite of this, or maybe because of it, the boys have worked diligently and earnestly, proud of their troop and anxious to make it a success. We also believe the Truckee American Legion is due a lot of credit in sponsoring the troop. Although the ex-service men are not called upon to financially aid the organization, the moral support is necessary and welcomed by the boys and their leaders.

Hats off this week to the Lions Club which this week purchased \$50 worth of cigarettes to be sent to the boys in our armed forces overseas. The 10,000 packages will all be marked with a label showing they are the gift of the local club and we hope the boys enjoy them as much as the Lions did in making the gift.

Truckee certainly didn't do itself proud on election day. As a matter of fact only 129 turned out to vote for a representative to congress. And yet we will wait to the high heavens because our representatives "never do anything for us." There are always valid excuses for not voting, but our observation has been that even the most frail reason often suffices. And the funny thing about the whole deal is that those who vote seldom kick about the work of the duly elected officers. It is generally those who say "What's the use of voting, we never get anything out of it and the 'big shots' are all alike anyway." That is not the best American spirit we have seen.

TIRE QUOTAS FOR MONTH UNCHANGED

Quotas for new and used passenger car and truck tires available for rationing during September remain virtually unchanged from the August figures, the Office of Price Administration has announced.

The quotas are based on allotments assigned for the month by the office of rubber director.

The OPA has warned local boards to issue certificates for used rather than new truck tires when possible as the shortage of new truck tires is increasing seriously.

MOTORIST SPEEDING SURVEY REVEALS

Recent checks conducted in 11 states show motorists still are driving in excess of the wartime 35 miles an hour limit. In many cases they were found to be averaging at least 45 miles an hour.

Perhaps some of these drivers have become unduly optimistic concerning the output of synthetic rubber and their chances to replace the casings now on their cars.

But at any rate, they have forgotten that tires wear out approximately half again as fast at 45 miles an hour as they do when the vehicle is kept to the wartime speed limit. A tire which would last for 40,000 when driven at the high speed, would, according to figures furnished by the Public Roads Administration, give nearly 60,000 miles of service at the more moderate rate of travel.

Charter Given To Legion Troop Of Scouts At Meet

Executives Here Speak At Joint Meeting Of Scouts, Vets

The coveted Boy Scout charter was presented to the Truckee American Legion Troop here Tuesday night at a ceremony held at Legion Hall.

The presentation was made by Robert H. Frank, Boy Scout executive of the Tahoe Area Council from Auburn, who made a presentation talk to the 12 boys and members of Truckee Post No. 439, American Legion. Other speakers included Harold Chastain of Auburn, chairman of the organization and extension committee and R. N. Swett, Truckee Scoutmaster.

Following the ceremony, the boys exemplified the Scout work in a very creditable manner, under the direction of local scout leaders and Scoutmaster Swett.

The Truckee Post is sponsoring the local troop which was organized here several weeks ago with Charles Brunk, one of the executives taking a leading part.

FOUR BOYS NABBED HERE FOR THEFT OF AUTOMOBILE

Four boys, ranging in age from 13 to 16, were arrested by State Patrolman Paul Norboe near Hirschdale Saturday night and have been removed to the jail at Nevada City charged with with appropriating an automobile and destroying one tire.

The boys are Gilbert Lopez, 13, Salt Lake City; Joseph Rivera, 16, New Mexico; Frank Sanchez, 16, and Paul Ortega, 16, both of Denver.

All the boys claimed they were school students and said they had been in California only four days.

The automobile they are accused of appropriating belongs to Ira Willaman of Reno. Besides slashing one tire and removing the valve from another, the youths are accused of taking a number of articles from the machine.

TRUCKEE COUPLE HONORED HERE ON WEDDING DATE

Mr. and Mrs. F. S. Powell were given a party at their home Monday afternoon, the occasion being their 61st wedding anniversary. The members of Naomi Rebekah Lodge were hosts.

Eighteen guests were present. Mrs. Lucille Bick read an original poem in honor of the fated couple and pictures were taken of the group.

Refreshments were served and all voted the affair an enjoyable one.

Mrs. Jess Maxsom and daughter Judith came from Carson City to attend the party for the former's grandparents.

BEEES MAY GET SUGAR IN FOOD SHORTAGE

Because some beekeepers are faced with a loss of their bees due to lack of sufficient natural food, the OPA has authorized the issuance of additional sugar allotments to beekeepers registered with OPA as industrial users. The allotment is limited to 15 pounds per bee colony per year.

Your electric water heater is built to give you many years of carefree service. It will, however, last longer if not abused. One abuse of an electric water heater is raising water temperature higher than 140° F. For general household use the thermostat on the water heater should be set between 120° F and 140° F; 130° F is usually satisfactory. Excessive water temperature is a cause of lime deposits and tank corrosion. Check any dripping faucets, especially hot water faucets. A new washer will stop waste of water and electricity. A faucet dripping 90 drops a minute will waste 310 gallons of water a month.

WAITING PERIOD FOR LOST FOOD BOOKS NOT NEEDED

Local War Price and Rationing Boards have been authorized by the Office of Price Administration to waive prescribed waiting periods in handling applications for replacements of lost or stolen food ration books where necessary to avoid "extreme hardship" upon individuals acting in good faith.

Similarly, in instances where further investigation of the question of loss or theft of a food ration book appears desirable, and where extreme hardship would result from delay, the boards may issue certificates with which an applicant may obtain a temporary supply of rationed food.

The lake level on Monday stood at 6228.31 with 463 CSF of water leaving the gates at Tahoe City. Coldest temperatures for the season were registered Monday when the thermometer went to 33 degrees.

Amando Baldocchi, another son of the A. G. Baldocchi family of the Timberland Tract visited briefly at Tahoe last week from his home at Tracy. Accompanying him as far as Sacramento was Miss Katherine Feeny of that city, who has been a house guest of Mrs. John Reedy and her sister, Miss Anne McDonald in the Timberland district. Baldocchi and the friend who accompanied him from Tracy, had been in the hospital in Reno where Paul Green, injured in the Tahoe accident, which cost Guido Baldocchi his life, and reported Green recuperating nicely. His leg was broken.

Mrs. Ed Wagner of Lake Forest this week has as her guest her little great-granddaughter, Joyce Rafferty daughter of Mrs. Harold Scheuener of Richmond.

Mr. and Mrs. Ted Moore of Richmond and Lake Forest have purchased a two acre ranch and a four-room house in the vicinity of Auburn and plan to make their home there when the war is over.

Mrs. Anne Anderson, Tahoe librarian this week announces receipt of gift books to the library from Mrs. John B. Metcalf, Mrs. A. Stadtmuller and Miss Donaldine Grass of Dollar Hill.

Miss Lois Reeves and her mother, Mrs. Barney Morrow of Auburn visited for a few days last week at their home near the golf links in Tahoe City.

Mrs. Rose Boyiaredis is confined to her bed this week with an illness and plans to leave Saturday for San Francisco for medical examination. Her many friends are hoping for a speedy and complete recovery.

Miss Donaldine Grass of the Sacramento Junior College staff is vacationing at her Dollar Hill home where she is entertaining friends.

On Monday Mr. and Mrs. Chris Nielsen of Tahoe Park, accompanied by Mrs. Helga Olander and Mrs. Gerda Kvistberg visited in Reno. It was Mrs. Olander's first glimpse of the Biggest Little City, although she spent most of the summer at the lake. On Tuesday, the Olander family motored around the lake for their first good look at it in its entirety.

Recent guest of Miss Kathleen Starratt was Doris Post of Reno. On Sunday the Misses Post and Starratt were joined by Miss Blanche Pierson visiting at the lake and Miss Marcelle Barkley, teacher at the Lake Valley school and with Jack Starratt the group enjoyed a day of horseback riding up Squaw Valley way.

Mr. and Mrs. Ed Hills recently enjoyed a pack trip into the Tahoe backcountry with guides. They found the fishing good.

Mr. and Mrs. Ed Bolin and children are vacationing at their Tahoe Park home.

Back at their lakeside home, Blue Paradise, are the Don Gilmore and their children from San Francisco.

Spending a belated honeymoon at Tahoe are Mr. and Mrs. Sepp Lanz of New York City. The bride is the former Betty Bates, eastern socialite. Mr. Lanz is the celebrated designer of sport and ski clothing with exclusive shops scattered throughout the nation.

Henry Zacharias was up from Sacramento last weekend with his wife and children in the Bittencourt Tract.

Mrs. F. Winslow of Chambers has recovered from an illness which had kept her in bed for a week.

Mr. and Mrs. Virgil Gwinn recently of Hawthorne are now living at Tahoe City.

Recent guests of Otto Fox at his home in town were Captain Robert Riley and William Furlong of Auburn. Captain Riley is a former pupil of Mr. Fox and has earned worldwide distinction for himself by his feats in aviation, one of which credits him with the longest flight in history. He was leader of the first flying squadron in Africa and holds seven decorations.

Recent guests of the Ray Fraziers of Lake oFrest were Mr. and Mrs. Mr. and Mrs. Nile Luke and Mr. and Mrs. George Lundley of Stockton. The Lukes are former residents of the Meeks Bay district.

Mr. and Mrs. George Robinson of Lake oFrest recently purchased a home in Fallon where they are now living.

80 ATTEND OUTDOOR DINNER AT TAHOE

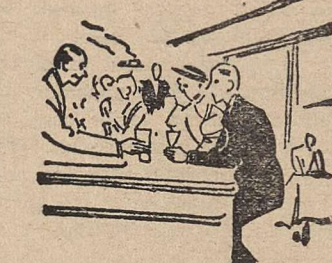

TAHOE CITY, Sept. 2.—Approximately 80 persons attended the campfire dinner given on the Tahoe Lake school grounds Friday night. The long picnic tables were filled to capacity with children, parents and other citizens of the community, all glad to have an excuse for eating out of doors. Following the repast the children of the grammar school gave a number of patriotic in chorus accompanied by their teacher, Mrs. Myrtle Gallinger at the little school organ. There were instrumental solos by the children and little Lois Deimel of Nevada City sang a song of Nevada. Chester Langenstein was on hand with his banjo and accompanied the entire group in community singing. Sunny Glazko, sister of Mrs. Mary Turnage of Lake Forest also favored with several solos as did Langenstein.

Youngsters toasted marshmallows on sticks. Following the musical program, Harold Ambrosch of Tahoma entertained the crowd with moving pictures. It was a most enjoyable evening.

FLOWER, GARDEN EXHIBIT FOR TAHOE

TAHOE CITY, Sept. 2.—A flower show and vegetable exhibit will be held Friday afternoon in the Tahoe Lake school. All Tahoe residents are invited to bring in cut flowers, potted plants or vegetables grown in the area.

Contact Mrs. Myrtle Gallinger, the elementary teacher regarding entries.

Tahoe Kwikies

Trustees of the Tahoe Community Center held a meeting at the center Sunday. According to their secretary Mrs. Evelyn Bliss, only routine business was transacted. Henry Leibman of the Tavern sent his check for \$10 to aid in beautifying the commons.

The only incident of interest at the meeting Tuesday night of the Tahoe Rangers was the passing of a resolution by members favoring the

exclusion of Japs from California. Members of the Tahoe Gun Club will meet tomorrow night at the home of Robert Wallace in Truckee. Mrs. Wallace has extended an invitation to the wives of the members to attend. Stanley Martin, secretary of the club will read at that time the answer received from Governor Warren to a resolution asking continued confinement of the Japanese sent him by the Tahoe Gun Club some time ago. All members are asked to attend.

Miss Anita Gebhardt, daughter of Mrs. Alice Gebhardt, left Tuesday for Alturas where she will teach the 8th grade in that city's schools. She formerly taught four grades at Eagleville for some years past. Miss Gebhardt assisted here aunt, Postmaster Janet Watson in the Tahoe post office this summer, also serving as secretary for the Tahoe Women's Club.

Mrs. Robert Scates has returned to the lake following a visit of a week or more in the valley.

TAHOE LETTER

To the Service Men From SWANEE

Tahoe City, Sept. 2

Dear Tahoeites:

I write you this week on Monday morning, and a beautiful day it is. The wind which blew all day Sunday, detracting from the pleasures of picnickers and bathers, has subsided and Lake Tahoe glistens and gleams today in all its regal splendor. The temperature early this morning, according to W. A. Simmonds, was the lowest to date, dropping down to 33 with a generous blanket of white frost greeting the early risers.

Yesterday popular Forest Inn on Ward Creek closed its doors for the season, climaxed a short but most satisfactory season. Mrs. Helga Oland and her son Carl, new owners of this lovely Tahoe garden spot, were highly pleased with the patronage they received and plan next year to offer the finest quality of foods and service it will be possible to obtain. The famous and popular Swedish smorgasbord, so frequently requested this summer, will be available on certain days next season, and they are already working on plans to beautify the premises and to do all in their power to maintain and enhance the distinguished reputation that Forest Inn has enjoyed since its inception more than four years ago.

Mr. and Mrs. M. G. Hamilton of Tahoe Lodge in the Tahoe Park district for the past two weeks had as their guests Lt. Com. Cecil Hamick and his wife and daughter, Pat, the latter the wife of Lt. Robert Cousins, RAF flier now on active duty in England. The Hamicks son, Robert in June entered aviation school at Fort Sill, Oklahoma where he is stationed. The Hamilton's own son, Monett, Jr., according to a letter is somewhere at sea and describes his ship as one of the new sub destroyers "popping around like a cork in the water." He appears to be keeping well and cheerful.

Tahoe's latest recruit to Uncle Sam's army, Dick Carnell, son of the Floyd Carnells, leaves for induction on September 7 from Auburn. He has been appointed acting corporal over six other boys who will leave from this district with him. The boys will entrain by bus for Monterey for their recruit training. Dick's parents and best girl are planning on accompanying him to Auburn. His many friends at Tahoe are wishing him the best of luck.

We learned also last week that WAVE Geraldine Kendrick, daughter of Major and Mrs. Charles Kendrick of San Francisco and Tahoe, recent visitors here, is stationed in New Jersey with 75 others under her command.

Had a friendly letter from the John Burns who are now living in the bay district and engaged in war work. Martha's letter teemed with homesickness for that adorable little cottage of theirs in the Bittencourt Tract which she said, they would not even spend their vacation in lest they succumb to the lure of the lake and refuse to go back to their respective jobs. We are happy to enter their names on our ever growing list of subscribers to the Sierra Sun.

Also a card from Mrs. Ruth Wathen another resident of the Bittencourt Tract, now seeking living

quarters in the San Francisco area with her husband. She wrote that their son, Robert, graduate of the Tahoe schools, left on August 13 for Sheppard Field, Texas, to begin his training course in the air corps. I have his new address and will be glad to give it to his friends in this area wishing to write him. Happy landings to you, Robert.

Mrs. Gerda Kvistberg of Tahoe Park last week received a letter from her husband, Lt. Com. John Kvistberg at Avalon. He declared that training and personnel capacity has been doubled in order to hasten the day of victory. He sent best wishes to his Tahoe friends and neighbors.

She also received a letter from Grandson Lt. Jimmy Easton's wife, Jane, now in training for the continental ferry command at Avenger Field, Texas. She is rapidly getting into the groove and enjoying her new experiences. In eight days she gained six pounds and reports excellent board and eight hours sleep and putting her in top form. She is looking forward to active flying duty.

A word from Lt. Easton tells of a recent vacation at a spacious Long Island estate which boasted swimming pool, gardens and fields. Although Jimmy ate his breakfast in bed and enjoyed daily swims in the great pool, he also donned working clothes and did his daily stint in the sun, driving tractor, picking and grading potatoes. His vacation is similar to those being given many service men in his outfit, stationed, when on shore, at a large hotel in New York. Owners of the estates go there and invite a number of the men to join their families for a week or two with the understanding that when the men are not otherwise engaged they share in the work of harvesting the crops. All seem to enjoy the arrangement and a bit of a respite from the decks of their ships.

On Saturday Mrs. Kvistberg and I motored to Truckee to attend some business matters, after which we lunched with Mrs. Robert Wallace. Visited Mr. and Mrs. Barrett of the Sierra Sun, accepting their invitation to drop in at their home for a toast to the bride and groom, Mr. and Mrs. Robert Leamon, after their return from an informal wedding at the Episcopal Chapel of the Pines at Tahoe.

Well, at long last, the Swanson family can hang a star in the window for on August 3, Sterling Blair, 17, son of Mr. and Mrs. Bert Blair of Newton, Kansas, enlisted in the engineering department of the merchant marines and left for Sheeps Head Bay, New York, for his 15 weeks of boot training. Mrs. Blair is the eldest daughter of Charles A. Swanson of Sunnyside and grand-dad lost no time in hanging his service flag in the window.

Leave you again for another week with the sincere hope that your hearts keep brave and your spirits high. No day goes by but what you are remembered in our prayers and thoughts. With every good wish from the folks back home ... still hoping for peace and victory before the end of 1943 ...

As ever, SWANEE.

What You Buy With WAR BONDS

Water Camel

Thirst is one enemy of armies and navies that may be frustrated by a generous supply of water. Typhus, another dreaded plague is another enemy that must be subdued in Africa, in the jungle islands of the Pacific.

So the "Lister Bag," more often called the "water camel," or just "camel," is used. The "Lister Bag" is a khaki colored canvas bag having a capacity of about 30 gallons. It will require many War Bonds to provide enough "camels" for our fighting forces at home and abroad. Yours too! "Back the attack with War Bonds." U. S. Treasury Department

WOMEN'S CLUB AT TAHOE HOLDS MEET

TAHOE CITY, Sept. 2.—Members of the Tahoe Women's Club met at the community hall last Thursday evening at 8 p.m., the session being conducted by iceV President Ila Martin. Mrs. Anne Anderson, the club treasurer, read a report on the finances and gave the results of the bech party recently sponsored by the club.

A letter has been addressed to Mrs. H. E. Kjolrie of Nevada City, Northern District president, who has written that she will visit Tahoe and Truckee Women's Clubs in the near future. It is believed the date will be this weekend, although this is not final. A special meeting will be called to receive her.

One of Tahoe's favorite sons, Sherwood Prusso, second son of Mr. and Mrs. Everett Prusso, former owners of Forest Inn, arrived Monday to enjoy a well deserved rest. He has received an honorable discharge from the marines with whom he served for 11 months.

Over the Hills... and off to war

John left today for training camp. Last month Sam had a furlough—now he's in the Southwest Pacific. Mary, the girl who lives next door to Sam, works in a bomber plant across the county. Our old friend Pete handles T. N. T. at the new munitions depot. And so it goes—neighbors, city folks, suburbanites, farmers—all need essential bus transportation to take them over the hills and off to war.

As war demands increase, there are less and less empty bus seats. Burlington Trailways is carrying twice as many passengers as a year ago—nearly four times as many as two years ago.

That is why we say, give these soldiers, sailors and war workers a chance. If you must travel, consult our agent for the best time and way to go.

WOODCUTTER GETS GAS AFTER FAILURE TO FILE HIS REPORT

Firewood cutters are mighty important people in this world. At least that's the opinion of Sacramento officials of the Office of Price Administration who bent mileage regulations last week and sent a five-gallon can of gasoline to a woodcutter in the Mother Lode district who had been marooned in the hills for several months.

The woodcutter was on record as having failed to file his 1942 prices on firewood—a cost of living commodity.

Requests by mail failed to get a reply, so an OPA investigator in the area was asked to make a personal check.

"He hasn't been in to get his mail for a long time," the investigator as told at the post office.

Doggedly, the OPA man started into the back country to find his man—and find him he did, surrounded by cords of firewood.

"Don't you ever come to town after your mail?" the investigator asked. "Can't. My truck's out of gas," the woodcutter replied.

"We need a statement of a cost of living item that you sell," the OPA man said.

"Cost of living? Oh, sure. I sent that last fall. My wife and I figured out what it cost us to live, and I mailed her in."

Everythings fixed now, though. The gasoline has gone in, the wood is coming out, the OPA has its prices and the Woodchopper has his mail.
